

2nd International Solar District Heating Conference

3-4 June 2014, Hamburg

Supported by:

Intelligent Energy Europe Programme
of the European Union

Federal Ministry
for Economic Affairs
and Energy

Sponsored by:

**HAMBURG
ENERGIE**

PIPESYSTEMS
Flexible solutions

solites

S 3.2: Smart DH systems including solar thermal – Sunstore 4

Chair: Riccardo Battisti, Ambiente Italia

Almere, NL - Smart district heating from waste heat and solar thermal

Christian Engel, Thermaflex ➡

Potentials for solar thermal smart grids in Germany

Roman Marx, ITW ➡

Sunstore 4 - Design of the plant

Per Alex Sørensen, Planenergi ➡

Sunstore 4 - Design of pit heat storage

Morten Vang Jensen, Planenergi ➡

Monitoring results from the Sunstore 4 smart district heating plant in Marstal, Denmark

Thomas Schmidt– Solites ➡
